FIND FLOUR HOARDS

OVER 500,000 LBS. HAS BEEN UNCOVERED BY ADMINISTRATOR

INVESTIGATE 36 CASES

Food Official Holds Court to Hear Evidence In Cases Where It Is Believed Hoarding Is Practised

"Is this the office of the food administrator?" inquired a scared-looking individual, as he entered the office of Fred P. Robinson Saturday afternoon. Being assured that he was in the right place the visitor took an envelope from his pocket as he sat on the edge of a chair and took from it a typewritten sheet. "I want to find out something about this," he said, as he handed the sheet to the food administrator.

The letter was a summons for the man to appear and be questioned on the charge of hoarding flour. A few minutes sufficed to show that he was innocent of having more than a normal supply, and he was dismissed with a warning that food administration rules must be rigidly observed.

His was the thirty-sixth case to be investigated by Food Administrator Robinson on last Friday and Saturday afternoons. In a majority the summons was for the recipient to appear and give evidence concerning hoarded flour, wheat and other foodstuffs. "There were a few," said Mr. Robinson, "who were found to have more than the rules allow and they were required to return all over a normal supply. There are very few cases where it is found that persons wilfully purchase more than is needed, but a large number have been forced to return over-supplies of foodstuffs.

"It is almost impossible now for a buyer to purchase more than the law allows," continued Mr. Robinson, "for I have a complete check on the matter, card indexed and all, so that I can tell in a few minutes just how much of a certain commodity has been sold in the county and to whom it has been sold.

"You may be surprised to know that within the past five or six weeks I have uncovered and had returned by persons who had an over-supply, 500,000 pounds of flour; more than enough to make a car load."

Letters from the state and federal officials to Mr. Robinson indicate that he is making a record in handling the office of county food administrator.

LIST ENEMY WOMEN

NINE DAYS BEGINNING JUNE 17 SET FOR REGISTERING

THE GOVERNMENT RULES

Any American-Born Woman Married to a German Is Regarded as Enemy Alien—Register at P. O.

In an effort to prevent injury to the nation's war activities the government is now turning its attention to enemy alien women. Their sex hitherto has protected them from repressive measures by the government, but beginning June 17, all German women and all who have become citizens of Germany and are living in the United States or its colonies, must register. This registration must be completed by June 26.

The registration place for Maryville is at the postoffice.

Under the law any American-born woman who has married a German is required to register as an enemy alien, while a German woman who has married an American prior to April 6, 1917, is regarded as an American citizen and does not have to register.

The restriction applies to "all natives, citizens or subjects of the German empire, being women of the age of 14 years and upwards, who are within the United States or its possessions and not actually naturalized as American citizens."

German's Allies Not Covered.

This does not apply to citizens of Austria-Hungary or other allies of Germany.

A German alien woman failing to complete her registration within the time fixed, who violates, attempts to violate or of whom there is reasonable ground to believe she is about to violate, any government regulation, in addition to other legal penalties is liable to detention for the duration of the war or deportation from the United States or its possessions or to being required to furnish bond insuring good behavior. Any German woman required to register found within the limits of the United States without a registration card in her possession will be liable to those penalties.

A woman, irrespective of the citizenship of her parents, born in the United States, is an American citizen and is not required to register unless:

1. She has become naturalized or taken an oath of allegiance to Germany.

22. She has married a citizen of Germany who has not acquired naturalization in the United States, and the marital relation has not been terminated by death or absolute divorce, or she has not resumed her American citizenship following such death or absolute divorce. Her American citizenship may be resumed by registering within one year with an American consular representative, if in a foreign country, or by returning to and residing in the United States.

Exceptional Cases.

A woman, originally a native or citizen of Germany is not a German alien if she has become naturalized in the United States, unless:

1. She has later resumed her German citizenship.

2. She has married a German citizen and the marital relationship has not been terminated by death or absolute divorce, or, if such termination has occurred she has not resumed her American citizenship.

Some of the rules for exceptional cases follow:

The marriage of a German alien widow to an American citizen prior to April 6, 1917, naturalized as an American citizen herself and such of her foreign-born children as were dwelling within the United States at the time of such marriage, or who became permanent residents of the United States before reaching their majority.

If the second or subsequent husband of a German alien widow become naturalized as an American citizen such widow (if she might herself be lawfully naturalized) and her foreign-born minor children residing permanently in the United States at the time of the naturalization of such husband, or who become premanent residents before reaching their majority, are thereby naturalized as American citizens.

A woman native or citizen of Germany, who has not become an American citizen by marriage, remains a German alien required to register, al-

RED CROSS WIND UP

THIS IS THE LAST DAY—HAVE YOU DONE YOUR PART?

WORKERS ARE STILL BUSY

Maryville and Polk Township Will Exceed Quota by Fifty Per Cent—No Figures Yet Obtainable

Today is the last day of the campaign for the Red Cross war fund of $100,000,000 and those who have been missed by the solicitors are urged to hunt up some member of the committee or Red Cross officer and leave their subscription. While definite figures of the amount subscribed in the county are not available, it is certain that Nodaway has made the goal and will possibly show an excess. Chairman, C. C. Hellmers, of the Polk township committee said this morning that the township would be well over the $7,500 mark.

No reports have been had by Chairman H. W. Montgomery from any of the townships giving definite figures, and but three have reported that they have made their quota.

Maryville workers were out early this morning making the last round of those who had been overlooked on previous days. It is presumed that Chairman Montgomery will be able to make a complete report of the drive by townships within the next few days.

Carl Wray, of the Washington township committee reported this morning that that township had gone over the top by a good wide margin.

HUNS RENEW DRIVE ON A BIG SCALE THIS MORNING

GREAT BATTLE IS IN PROGRESS NORTH THE AISNE RIVER AND NEAR RHEIMS

HIT FLANDERS LINE, TOO

GERMAN ATTACKS IN BOTH PLACES PRECEDED BY INTENSE BOMBARDMENTS

TEUTONS TRIED A SURPRISE

Expectin to Catch the Allies Off Guard a New Point Was Chosen, But Foch Anticipated the Blow and Was Ready

Bulletin.

London, May 27.—Fighting continues along the Flanders hills between Ypres and the Franco-Belgian front and the Germans are reported to have made slight progress a tsome places. The chief German thrust seemed to be against the ground which the French recaptured ten days ago. The Allied forces are resisting the German hordes with the utmost gallantry.

London, May 27. — The Germans have broken loose again on the western front after a lull of a month. In a big scale of infantry operations the Germans suddenly switched their offensive operations to the Allied battle line lying between the Aisne river and Rheims, assaulting the British and French vigorously over a wide front. At the same time a blow was started on the northern front in Flanders zone and the French positions in the Locre and Voormeezeele sectors became the scene of heavy German assaults. The attacks in both theatres of war began at dawn today and were preceded by bombardments of the utmost intensity.

The Germans evidently hoped to take the French by surprise by striking many miles from the Picardy and Flanders fields, but there is every evidence that they failed to do so. The presence of British troops in that sector (which was revealed today for the first time) showed that General Foch had anticipated a blow in that region and moved British reinforcements southward to help the French.

In connection with the new blows by the Germans on the western front it is now reported from a Swiss source that the Austrians are about to begin an offensive of the first magnitude against the Italians.

Paris, May 27.—A great battle is in progress north of the Aisne river and north of Rheims following the delivery of German attacks over a wide front between Rheims and Pinon forest, said the official communique today. During the latter part of the night, after an intense bombardment, the Germans delivered the assaults between those two points.

Washington, May 27.—Military experts here were inclined today to look upon the new German drive in the Rheims, Soissons, Locre and Voreemeezle districts as in the nature of a feint.

"FORGET POLITICS"

WILSON URGES CONGRESS TO FRAME FINANCIAL PROGRAM

EXPLAINS NECESSITIES

In Address Today Before Joint Session He Tells Members to Discard All Adjournment Plans

Special to The Democrat-Forum.

Washington, May 27.—Before a joint session of the senate and house of representatives today, President Wilson told of the necessities that demanded the passage of a new revenue bill without delay. The president explained why the legislative branch of the government should discard all its plans for adjournment and remain continuously in session until an adequate tax measure has been framed and passed.

"We are not only in the midst of war—we are at the very peak and crisis of it," declared President Wilson. He also paid a tribute to the military forces of the nation.

President Wilson also insisted that congress must forget politics and prepare an adequate financial program in order that the economic situation of the country shall be sound as the military.

Nothing has been heard officially of the result of today's big German offensive that began this morning, only that a furious battle was raging north of Rheims.

MAY 30 PRAYER DAY

GOVERNOR URGES PROPER OBSERVANCE OF MEMORIAL DAY

THE PRESIDENT'S CALL

The Decoration of Soldiers' Graves by G. A. R. Is Only Event Announced—Some Stores Close

GARDNER PROCLAIMS MAY 30 PRAYER DAY

"In as much as the president of the United States has proclaimed Thursday, May 30, a day of public humiliation, prayer and fasting, and requested that our citizens of all faiths and creeds assemble in their places of worship on that day, in the sanctuary as well as in their homes, make humble confession to Almighty God and implore the divine blessing and favor to the end that victory may be brought to our armies, and

"In as much as we believe God has been imminent in the history of our nation and state, and that the Lord is good, a stronghild in the day of trouble, and He knoweth them that trust Him, and if a sparrow cannot fall to the ground without His notice, is it possible that a nation can rise without His aid?

"Now, therefore, I, Frederick D. Gardner, governor of Missouri, do proclaim Thursday, May 30, a day of fasting and prayer, I admonish the people of Missouri to heed the call of the president. Let us, in a large measure, refrain from our usual avocations on that day and spend the time in prayer and praise to our God in the secret places of prayer, in the family circle and in the public place. Let us seek divine guidance and 'the wisdom that comes from above.' 'If God be for us, who can be against us?'

"I earnestly recommend a hearty and universal response to the call of the president. At the military posts and in every place where our soldier boys are gathered let special preparation for worship be made. In those places of business not able to observe the day I suggest an hour be set aside for a prayer service, to the end that all of our people may unite in worship and receive the blessing it brings."

With next Thursday, Memorial Day, urged to be kept as a day of fasting and prayer by President Wilson, Maryville has made no plans for its special observance. It is expected that most of the stores will be closed. No papers will be issued by either of the Maryville papers and the postoffice will remain closed during the day, except for forty-five minutes, from 11:30 a. m. until 12:15 p. m. Rural patrons may also get their mail at that time, as no rural delivery will be made. One city delivery will be made by the carriers.

Thus far no announcement has been made of any special church services. Members of the G. A. R. will go to the cemeteries and decorate the graves of soldiers, as is the custom, and other than this there will be no program of any kind.

The members of the W. R. C. will not decorate the graves of deceased members or family graves as usual on Decoration Day.

At the regular luncheon today of directors of the Commercial Club a resolution was adopted urging that all stores and places of business clse for the day. It was announced that the grocers would close at 10 o'clock and dry goods stores and others will follow suit. The banks will also be closed.

SERGEANT EDWARDS COMING

One of the Survivors of the Famous Princess Pats Will Tell of Combat On the Field of Blood

Sergeant Edwards, one of the original "Princess Pats," will talk on the war here on June 3, and his coming is being looked forward to with interest.

He saw continuous service with this crack regiment from the call to arms in August, 1914, until the annihilation of it in May, 1915, at which time he was wounded and captured and taken prisoner of war to Germany.

After fifteen months in German prison camps, Sergeant Edwards conceived and almost carried out a daring escape, but was recaptured at the border of Holland and taken back. Biding his time, however, and awaiting his opportunity, he made another dash for freedom—this time successfully, and after many hair-raising adventures reached England in safety, only to find he had long ago been given up as dead.

Sergeant Edward's experiences were written up in the Saturday Evening Post. The article was published July 14, 1917, and was entitled "Englander Schwein."

GOES TO CAMP DONIPHAN

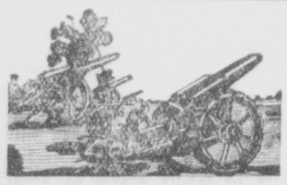
Rev. C. Emerson Miller Leaves for Cantonment to Spend a Month

Rev. C. Emerson Miller, pastor of the Christian church will leave tomorrow for Camp Doniphan, Okla., where he will spend the month of June with the soldiers in the cantonment working in the interests of the church, having been chosen by the church educational board at Cincinnati. The officers of the church will have charge of the Sunday services during Rev. Miller's absence.

Judge and Mrs. Jesse Robertson drove to Burlington Junction Sunday to see their new grandson, Jesse Robertson Singleton, baby son of Mr. and Mrs. Linwood Singleton. They were accompanied to Burlington Junction by Elwood Barrett and son, Erman.

Mr. and Mrs. Brady and daughter, Marguerite and sons, Stephen and Tom were guests Saturday night of Mr. and Mrs. William Donahue of Maryville.

Miss Irene Aley, who has been trimming in a millinery store in Broken Bow, Neb., has returned to the home of her parents, Mr. and Mrs. C. A. Aley of near Arkoe.



Red-blooded men of courage are on the firing line—and there are many anemic, weak, discouraged men and women left at home.

At this time of the year most people suffer from a condition often called Spring Fever. They feel tired, worn out, before the day is half thru. They may have frequent headaches and sometimes "pimply" or pale skin.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the springtime of the year, should try the refreshing tonic powers of a good alterative and blood purifier. Such a one is extracted from Blood root, Golden Seal and Stone root, Queen's root and Oregon Grape root, made up with chemically pure glycerine and without the use of alcohol. This can be obtained in ready-to-use tablet form in sixty cent vials, as druggists have sold it for fifty years as Doctor Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form.

A good purge should be taken once a week even by persons who have a movement daily, in order to eliminate matter which may remain and cause a condition of auto-intoxication, poisoning the whole system. To clean the system at least once a week is to practice health measures. There is nothing so good for this purpose as tiny pills made up of the May-apple, leaves of aloe and jalap, and sold by almost all druggists in this country as Doctor Pierce's Pleasant Pellets, sugar-coated, easy to take.

SCOUTS PROMISE GOOD SHOW

"The Man From Montana" Wednesday Night at Empire Will Include Interesting Vaudeville Stunts

The Boy Scouts promise another good bill at their entertainment Wednesday night at the Empire theatre when "The Man From Montana" will be given by a capable company. Some new and interesting vaudeville stunts between the acts, one of them by the Scouts themselves, will be features of the big bill.

"The Man From Montana" is a roaring comedy—not the slap-stick variety—but clean, wholesome fun that is guaranteed to make you laugh. The play opens in New York and is transferred to a ranch in Montana with cowboys and all the other western paraphernalia where the process of "making a cowboy out of nothing" is accomplished in the most approved manner. The following is the cast of characters:

Peggy Baxter, Helen Tobin; Alexander "Persival" Green, John Thompson; Mildred Baxter, Minnie Sutton; Dr. Geo. Minton, alias Dr. Grimes, Paul Buhler; Charles Baxter, Henry Seipel; Jack Hunter (from Montana) Verne Alderman; Samuel Jones, John Gross; Dr. Billy Moser, N. B. Thompson; Polly Jones, Agatha Henggler.

The Scouts are raising a sum of money with which to help pay for equipment for their quarters and to purchase camp equipment and other things for their big ten days hike and camp in July, when it is expected that over 100 Scouts from Maryville and neighboring towns will take part.

"I SUFFERED SEVEN YEARS"

Was Eventually Cured by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered for seven long years with a lame back, irregularities and pain. I had one physician after another but they did me no good. I read about Lydia E. Pinkham's Vegetable Compound and gave it a trial and in a short time I felt benefited and am now feeling fine, and without weakness or pain. Many of my friends have also taken Lydia E. Pinkham's Vegetable Compound and been helped by it."—Mrs. MARGARET NESS, 1846 E. Hazzard St., Philadelphia., Pa.

Women who suffer from displacements, irregularities, inflammation, ulceration, backache, sideache, headaches or "the blues" should not rest until they have given this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for special suggestions. The result of its long experience is at your service.

LIST ENEMY WOMEN

(Continued from page 1.)

though she has declared her intention of becoming an American citizen by taking out first papers, or has become partly or completely naturalized in any country other than the United States.

Naturalization as an American citizen of the widow of an alien naturalizes her foreign-born minor children who reside permanently within the United States at the time of her naturalization and also those of her minor children so born who become permanent residents of the United States before their majority.

Regarding German Girls.

A girl born in Germany of a father at the time of such child's birth a citizen of Germany, but subsequently naturalized as an American citizen, while such child was a minor, is not a German alien required to register, provided such child began permanently to reside in the United States before reaching her majority.

A girl born in Germany of an American father is not, unless she herself has acquired German nationality, a German alien required to register. The rights of American citizenship, however, do not descend to a child so born whose father never resided in the United States.

Women born in or residing as German citizens in Alsace-Lorraine subsequent to May 10, 1871, or in Schleswig-Holstein subject to August 23, 1866, and now dwelling within the United States are, unless naturalized as, or married prior to April 6, 1917, to American citizens, required to register.

Each registrant must provide four unmounted photographs of herself, not larger that 5x3 inches in size, on thin paper, with a light background. The photograph shall be of the shoulders and full face, without hat or other head covering. Each photograph shall be signed across the face thereof so as to obscure the features, if the registrant is able to write.

No German alien woman registered or required to register shall change her place of residence within another registration district without a permit. Application for such permit must be by the woman to the registration officer of the registration district in which the alien woman then resides.

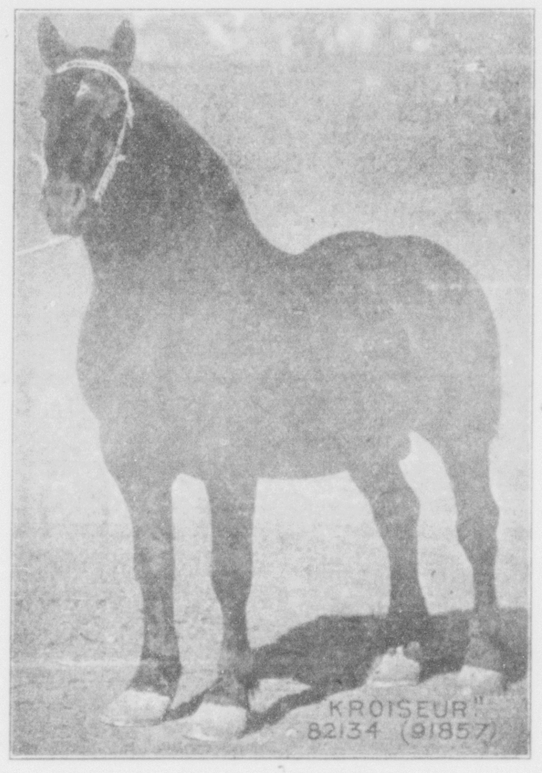
Pure Bred License No. 685



IMP. KROISEUR NO. 82134 (91857)
From Photograph

KROISEUR is perhaps the best bred son of the $40,000.00 champion CARNOT. He not only has the most fashionable breeding, but is a real draft horse himself, weighing over 2200, with wonderful style and action. A beautiful black, having a fine coat of hair. That he is destined to be a great sire there is now no question.

He is now in regular service at our barn in South Maryville, Mo. We have other licensed horses and Shetland ponies also in service.

As so many inquiries are still being received for dates to PHENIX, I would say, he is in service of the State University Farm, under contract for a short time, hence is only available THERE at present; but will be "at home" later.

Thanking you all for your appreciation of him, I am,

Very respectfully yours,
